

Dear Friends,

ESOL teachers in Montana are connected!

Isn't it amazing?

It has been a long journey since 2007, when supported by CAELA, that we started our ESOL Professional Development project.

We wrote our Standards, Implemented a Book Circle, and put together three conferences. Montana ESOL conferences led to our most recent achievement. As a connected group we will be able to offer updated services with two powerful tools: **Wiki**, for the teachers; and a **Blog**, for the students.

WE HAVE VOICE!

OUR STUDENTS ALSO HAVE VOICE! They will be empowered!

We are sending this e-mail to invite you to our link:

Let's go, Montana!
