

# How to Make a Power Point Slide Show

*(If I Can, You Can)*

# Are you on the Bus?

Great! Let's get started!

# 'Gotta have Power Point on your computer or you can't play!

- Double click on your power point icon...
- (You might have to click on "start" first to bring up a list of programs)
- Now you have your first slide. Start typing!

Piece of Cake!!

# How to Add a Slide

Click “Insert”

Click “New Slide”

Click “Click to add title”  
and type

Click “Click to add text”  
and type

So far so good!

# Color: Another Dimension

- Click “Format”
- Click “Background”
- Click on down arrow
- Choose a color or click “more colors”
- Click on a color you like
- Click “apply”
- To get shading like this slide, click “fill effects”
- Click “diagonal up” & click the square you like
- Click “ok”

# Pictures Give Power Point Personality!

- Click “insert”.
- Click “Picture”.
- Click “Clip Art”.
- Type in a word, for example, “wink”.
- Choose from the multitude of wink pictures offered.

# Let's make them Move!

- Click on your text or picture
- Click on "Slide Show"
- Click on "Custom Animation"
- Click "Add Effect"
- Click "Entrance" and (for this slide) "Craw" or "Fly" in
- Chose a direction & speed
- There you have it! This will get you started...can't wait to see what you do on your own!
