

Present Simple and Present Continuous Lesson with LEA and Multi-level Class

--Review us of Present Simple and Present Continuous on board. Ask students to tell each other what they are planning to do after class using the

"I am ____+ing" form, ie: I am cooking dinner this afternoon.

--Handout packet: Divide the Household Chores.

Discuss vocabulary in 8-A

Go around the room asking each student about an illustration. ie: "In A what is she doing?"

For the higher level students add additional questions, such as, "Is that a typical garbage can? Where do you think she might work?"

--"Bath Time" http://www.youtube.com/watch?v=qGI_cVCmSaE

Explain that you will all watch a short video and then you will write a story about the video together using the Present Simple and Present Continuous.

Watch video one or two times. Elicit sentences from the students about what they saw happening in the video. Write their sentences as stated on the board. (You will correct grammar/word choice/sentence order later)

Once the story is complete go back over the sentences talking about grammar and word choice.

Next, either as a class or in small groups of 2-3 students, put the sentences into the best order for telling the story.
