

TEST OF ADULT BASIC EDUCATION (TABE) TRAINING

Who should attend? Teams representing adult literacy, job training, vocational rehabilitation, TANF, or any combination of Community Management Team partners whose participants are impacted by TABE assessment. Space is limited per session and teams are limited to five.

Why attend? If your CMT is concerned about results, then streamlining the TABE assessment process as a community management team effort will pay off. All partners will understand the process and the impact. Local teams will determine local plans for TABE assessment and better understand the assessment process and what if can do for your participants.
